

## SACCO WAITS DOOM TONIGHT

CANADIAN PLAN  
OF WHEAT POOL  
MAY BE TRIEDMidwest Group Will  
Get Behind It.By PHILIP KINSLEY.  
(Chicago Tribune Press Service)

(Photos on back page)  
DALLAS, Aug. 21.—[Special]—While the new alignments remain in presidential politics were stuck into the economic field, and brought over farm relief advocates to a wondering halt, administration adepts are going ahead with preparations for the next congress, and organization of greater cooperatives to anticipate this legislation.

Plans for the organization of a pool along Canadian lines, to control the winter wheat price situation in four middle western states, were submitted to the President by Sen. Gov. Samuel R. McElvane of Kansas.

**Follows Recent Suggestion.**

This plan is an outgrowth of the legislative farm relief program given policy here recently as having administration support and calling for a federal farm board, and cooperative corporation with a backing of \$300,000,000 government funds.

The President has made no comment on this or any other suggested method of solving the farm problem. Secretary of Agriculture Jardine is expected to visit the President here before he returns from Yellowstone park. According to J. W. Brinton, organization director of the new wheat pool, Mr. Jardine has pledged support to the plan.

**Sen. Gov. McElvane.**

The McElvane plan merits consideration because the President has been with him a good deal this summer. As localized, the pool starts with an organization in Nebraska which proposes to control 50 per cent of the production in that state. It would then be extended into Colorado, Kansas, and Oklahoma, where the bulk of this crop is produced. Mr. McElvane estimates the approximate surplus of winter wheat at 100,000,000 bushels, and says that in these particular states at least 10,000,000 bushels could be controlled, so that the farmers could fix their average of a reasonable profit.

The Nebraska pool is planned to an eligible legislation already suggested in an administration bill, and already in the skeleton machinery for the House.

**Membership Fee Conditional.**

It proposes to take in all wheat growing farmers upon payment of \$10 per member, and all members are permitted to withdraw if the cooperatives are not to control 50 per cent of the production by 1929. The four states named above are already operating through a central selling agency at Lincoln.

**A statement by Director Brinton**

was submitted to the President with the McElvane description. "In the coming session of congress," says Mr. Brinton, "the department of agriculture has pledged its support to a bill to furnish additional financing facilities so that members may be able to buy as high as 90 per cent of the total price of wheat at the time of delivery. This legislation will also include provisions for the establishment of local elevators where farmers' demands do not now exist and additional terminal facilities."

The department will be behind a progressive marketing program which will, with an appropriation of \$100,000, be loaned to contract marketing associations.

Mr. Brinton says it is the purpose to have over a 50 per cent wheat pool throughout the Nebraska cooperative act.

COOLIGES OFF  
TO YELLOWSTONE  
NATIONAL PARK

DALLAS, Aug. 21.—[Special]—With a week of outdoor recreation before him, President and Mrs. Coolidge left on Black Hills in a special train to visit the Yellowstone National park.

President Coolidge suffered a slight indisposition today which kept him from service, but failed to interfere with his plans for going to the mountains.

A cold was the cause of the President's remaining in bed in the morning, however.

A fishing trip in the hot sun also played a part, it is understood, in the President's indisposition.

It is the first time he has sought medical service since coming

## Fate of Seven Flyers Still Mystery

## HE NEVER LOOKS BACKWARD

HOLD GIRL AS  
YOUTH IS FOUND  
SHOT IN HEAD

Police at Warren avenue last night were holding Miss Genevieve Lynch, 18 years old, 2735 Washington boulevard, while they investigated the shooting of Louis Lanselot, 20 years old, 2618 West Adams street, who was taken to the Bridewell hospital with a bullet in his head.

Detectives, called to a rooming house at 175½ West Monroe street, where Lanselot had lived, and took Miss Lynch in custody. Lanselot was found at his home, where he had walked despite his wound.

Lanselot at first said Miss Lynch had shot him. Later he changed his story, saying he had shot himself. The girl said: Lanselot had shot himself at the door to prove his love for her.

**SEWER CARRIES  
BOY HALF MILE  
INTO EAST RIVER**

New York, Aug. 21.—[Special]—A seven year old boy, Anthony D'Agostino, fell into a sewer tonight and was carried more than one-half a mile by the swirling underground waters. He was finally emitted into the East river, alive and kicking.

As his mud covered body shot from the exit of the sewer into the river, he gave a cry, and before firemen and four life guards who had been waiting for his appearance could get into action, the lad had thrashed his arms and kicked his legs in an effort to swim the enterprise.

Fort Gaines and Fort Morgan guard the main entrance to the bay and within the bay lay a line of sunken torpedoes and beyond these a confederate fleet was destroyed and Fort Morgan captured, was a remarkable engagement.

Mobile bay was considered the most important harbor on the gulf coast, and next to Charleston, the most important on the entire confederate coast.

Decision to close this port was made on July 13, 1864, and Admiral Farragut issued orders to the commanders of his fleet to prepare for the conflict.

As his mud covered body shot from the exit of the sewer into the river, he gave a cry, and before firemen and four life guards who had been waiting for his appearance could get into action, the lad had thrashed his arms and kicked his legs in an effort to swim the enterprise.

He was picked up and taken to Bellevue hospital little the worse for his experience.

## Letter in Blood Threatens Bomb for U.S. Envoy in Tokio

BY RODERICK MATHESON.  
[Chicago Tribune Free Service.]

TOKIO, Aug. 21.—Following the dispatch of a cable of protest to President Coolidge regarding the pending execution of Nicola Sacco and Bartolomeo Vanzetti, a number of radical associations have plastered the city with bills urging the boycott of American goods and expulsion of American missionaries, and inviting the Japanese to join in the "world-wide struggle" against American imperialism and capitalism.

Extra police precautions have been taken to guard the American embassy and the ambassador's staff.

The result of the occurrences on Friday was that public tension was heightened and the superintendent of police, Michael H. Crowley, decided to continue the rigorous policy of forbidding all picketing or other demonstrations tomorrow.

### NO HELP FOR SACCO

Washington, D. C., Aug. 21.—[Special]—Files of the United States Department of Justice contain no evidence tending to establish the guilt or innocence of Sacco and Vanzetti. Acting Attorney General George H. Wernham today informed Arthur Garfield Hays, New York, and Francis P. Kane, Philadelphia, representing the citizens' defense committee, and counsel for the condemned men.

"I explained to Mr. Hays," Mr. Farnum said later, "that the federal government has no jurisdiction whatsoever over this case and that it was clearly a matter for the state authorities of Massachusetts. I declined to permit them access to our files, but I did say:

Honor Governor's Request.

"While I do not authorize you to convey to the authorities of the commonwealth of Massachusetts any suggestion or information concerning my behalf, I do say to you that if it should happen that a request is received from Gov. Fuller, the attorney general of Massachusetts or the Lowell commission, for access to our files, it will be immediately acceded."

"In reference to a suggestion that some one attorney be selected by me to examine the files, I state that I saw no purpose to be served at this late date, as the files had already been checked and recorded."

Hays and Kane dispatched a telegram to President Coolidge asserting it would be an outrage if Sacco and Vanzetti were executed before the files were made public.

The telegram was sent after Hays and Kane, accompanied by Frank P. Walsh of New York city had consulted for four hours with Mr. Farnum.

Mr. Farnum announced the department's willingness to make its files accessible to Gov. Fuller of Massachusetts, the attorney general of Massachusetts, or the Lowell commission, if a proper request were made. He told his callers, however, that it would be impossible for the department to permit access to the confidential files of the government to counsel on behalf of Sacco and Vanzetti.

None Plan to Strike Today.

New York, Aug. 21.—[Special]—While final preparations were being made here today for a strike and mass meeting of protest in Union square against the execution of Nicola Sacco and Bartolomeo Vanzetti, other groups of sympathizers boarded trains and steamships for Boston, where they plan to present last minute appeals to Gov. Fuller. They will picket the statehouse and Charlestown prison.

Elaborate precautions taken by the police here in guarding subways, elevated lines, public buildings, and bridges were continued.

## RADICALS FAIL TO INTEREST LABOR IN SACCO STRIKE

hour for the two men, who are scheduled to die after midnight tonight, appears to be sufficient spur to combat the execution. The labor element had assumed that there would be recourse of the near hysteria which marked the last disturbance, just preceding the reprimand by Gov. Fuller.

But Police Are Ready.

Precautions were still being taken by the police to stop any demonstration, despite the fact that no trouble is anticipated.

Peace and harmony prevailed at the annual Ravinia outing yesterday of the Italy-American society, where a concert of Italian and American selections was given before an audience of 2,000 Italian born Chicagoans. An Antonio Ferme, of the Italian consulate, was among their guests.

Instead of making any effort to restrain or quiet the crowd, the police merely stood by during the meeting.

Not even the approach of the fire

men met with a coolness and silence thirty-six states of Germany.

"I never heard of this country," declared Aurora, "and how could I have lived in it?"

James Brandeis, 82, died three years before I was born," said Jean Coates, who put the question in the bishop's soup.

All I know about him is that I once

saw a reference to that in a newspaper.

No, my father didn't teach me

anything about socialism, either.

He's been dead ten years, and I hardly remember him."

## RADICALS FAIL TO INTEREST LABOR IN SACCO STRIKE

Hopes of Chicago's radicals that labor unions might be enlisted in a general strike as a protest against the executions of Sacco and Vanzetti were ignored during the business session of the labor federation yesterday afternoon, and was greeted only by shrugs and indifference when broached after the meeting.

The story which Verner Zeitling printed "with all reserve" in the afternoon edition of the Berlin daily, was that the American embassy and the ambassador's staff had been freed by the police.

Woman Rebels Protest.

BRUSSELS, Aug. 21.—(AP)—Communist manifestations in favor of Sacco and Vanzetti took place today at Brussels, Liege and Charleroi. Some of the orators advocated calling a general strike tomorrow as a protest, while others suggested the boycotting of American goods.

At Liege when the proposed boycott of American goods was mentioned, an aged woman shrieked, "You young loafers, we would have starved during the war only for American goods."

Russian Press Exulted.

MOSCOW, Aug. 24.—(AP)—The entire front page of Pravda today was devoted to the Sacco-Vanzetti case with a top line head, "Save the Proletarian Martyr."

The news was made up entirely of dispatches from the United States relating to the case, while one-quarter of the page was a cartoon picturing a top hatted snake about which were strown crucifixes and swastika signs praying over Sacco and Vanzetti.

**OUR MORE LAW  
BREAKERS TO GET  
MIND TEST TODAY**

O'Connor Asks Farm to  
Care for Morons.

Your men said to be habitual law breakers, together with a Sacco-Van Zandt agitator, will be taken by police today to the psychopathic hospital in Joliet, where they will play with little building blocks and perform non-standard mental tests, it was announced last night by Chief of Detectives William O'Connor, who started a plan of giving sanity tests to Chicago's undesirables.

The chief believes if the consequences of an arrest are made unpleasant enough the criminals will give up. Those persisting in staying at home, he said, sooner or later will be sending out puzzles and drawing pictures for mental experts.

So if previous examinations proved no brighter than that, Sacco, Van Zandt and James McGuire, the latter claiming that they made him "as nutty as a mink," they will, perhaps, be rapidly terrifying to the chief's latest addition.

Five Face Test Today.

These are Samuel Lantz, 34, of 812 West Roosevelt road, with many aliases and a long record as a pickpocket, who was caught in the act of robbing James Murray, 1014 South Dearborn avenue; Thomas Delmonte, 214 Lydia street; Magnus Yren, 917 West 10th street; Frank Santore, 1913 West 10th street, and John Heaph, 551 South Main. Heaph is an admitted agitator who was arrested in the federal building.

"Cook county should build a farm in the forest preserves where morons and nonconformists can be sent," Chief O'Connor said. "The police department would guarantee a full house."

"In line with our drive we intend to start rounding up the big guys, those in the list of Chicago's 100 bad men. This will come down to the smaller fry. It's the only way to beat the vicious combination of a crook, his attorney, and a writ of habeas corpus from a judge."

Less Said the Better.

We heard that some attorneys are advising their hoodlum clients not to take them when given these tests. That's fine. The less they say the less the examinations will tell them they know a good case of mental inferiority can't be put against them."

One Negro "Nigger" Goldberg, held for examination into the possible fatal shooting of Reuben Nelson, 27, of 3240 Ontario street, late Saturday night, will be given the insanity test if he cannot be connected with the shooting, O'Connor said.

A great deal of interest, it was said, is being manifested in the chief's experiment by authorities in other cities who are requesting information on his methods of crime abatement.

Nob Pickpockets at Work  
in Front of Loop Theater

Do these pickpockets, stirred more by rich bear runners than their own wealthy gentry, were captured in the act of extracting a purse from a victim's pocket in front of a theater on Randolph street last night. Unfortunately for them, Lieut. Thomas McFarland and Sergt. Crot and Homan came by just at the inopportune moment. At the central detail they gave the names Harry Bronson of the Webster Hotel and Joseph Stein of the Belmont.

### POSSE AND DOGS HUNT NEGRO AS SHERIFF'S KILLER

UPPER, Fla., Aug. 21.—(UPI)—A posse of 200 men and bloodhounds tonight were searching in the vicinity of Roy, near here, for an unidentified Negro who early today killed Sheriff Perry Hall of Flagler county by striking him over the head with a bottle. He died of a fractured skull in a St. Augustine hospital without regaining consciousness.

Sheriff Hall was attacked after he had entered a building at Roy in which Negroes were drinking.

When ordered to put up his hands, the Negro is alleged to have struck the sheriff with the bottle.

Less Said the Better.

We heard that some attorneys are advising their hoodlum clients not to take them when given these tests. That's fine. The less they say the less the examinations will tell them they know a good case of mental inferiority can't be put against them."

One Negro "Nigger" Goldberg, held for examination into the possible fatal shooting of Reuben Nelson, 27, of 3240 Ontario street, late Saturday night, will be given the insanity test if he cannot be connected with the shooting, O'Connor said.

A great deal of interest, it was said, is being manifested in the chief's experiment by authorities in other cities who are requesting information on his methods of crime abatement.

Nob Pickpockets at Work  
in Front of Loop Theater

Do these pickpockets, stirred more by rich bear runners than their own wealthy gentry, were captured in the act of extracting a purse from a victim's pocket in front of a theater on Randolph street last night. Unfortunately for them, Lieut. Thomas McFarland and Sergt. Crot and Homan came by just at the inopportune moment. At the central detail they gave the names Harry Bronson of the Webster Hotel and Joseph Stein of the Belmont.

Chinese Typhoon Kills 3;

Aid Sent to British Ship

HONGKONG, Aug. 21.—Two sailors and a man were killed and five persons seriously injured in Sam-shui, where a house collapsed during a typhoon. In Kowloon bay, the British steamer Rawalpindi had to be towed by a government rescue tug. The greatest velocity of the wind was 100 miles an hour.

### DIGS SELF OUT OF GREAT CAVE AFTER SIX DAYS

(Picture on back page.)  
Shallowford, Tenn., Aug. 21.—(UPI)—Trapped six days in Nick-Jack cave, Lawrence H. Ashley, geologist, who entered the cave last Monday on an exploring trip, dug his way out today. Ashley said that he had been trapped by falling rocks and crawled through a narrow passageway while attempting to reach a large underground cavern believed to be connected with the cave.

Although weak and in a dazed condition, Ashley said that he had not suffered from his confinement. He told an Associated Press representative that he had previously cached food at a point where he was caught and had not suffered from hunger. A small shovel he carried was used in digging his way to the surface, he declared.

When Ashley failed to return friends became alarmed and a searching party composed of natives familiar with the cave was organized and began the search for the missing geologist.

Aspects made by G. Austin Peay of Tennessee, who ordered a crew of the search. This crew decided that Ashley had met his death in the river of darkness" which flows within the cavern.

It was reported tonight that Ashley had leased the cave for exploration and exhibition purposes.

CHICAGO ACCEPTS SIMUFETIC.

Thousands who obtained wonderful hay fever relief last season now praise Simufetic highly. Doctors recommend it.

Relief will be brought back to Chicago first trial. Supply will be half

at 3 o'clock tomorrow afternoon at the Church of the Holy Spirit, Lake Forest, and interment will be private.

### THOMAS COWLES, REALTY BROKER, DIES IN DENVER

Thomas H. Cowles, Chicago real estate broker, died yesterday morning in the Presbyterian hospital at Denver, according to word received by his father, Alfred Cowles, 1129 Lake Shore drive. Mr. Cowles became ill from pneumonia in Colorado Springs, where he was spending the summer with his wife, the former Barbara Granger, a granddaughter of Marvin Higgett of the Chicago and Northwestern railroad.

At the bedside when the broker died were his wife and two brothers, Alfred Cowles III, and Knight Cowles of Chicago, and his son, Roy, of Chicago, to attend the 50th anniversary celebration of his grandmother when her husband became ill. She hurried back to Denver in a special train.

Mr. Cowles served in France as a captain of infantry during the world war. Two children, Mary Hoyt and Sally, 4 and 2 years old, survive him. The body will be brought back to Chicago first trial. Supply will be half

at 3 o'clock tomorrow afternoon at the Church of the Holy Spirit, Lake Forest, and interment will be private.

"The passing of automobiles for off-

### PASTOR CALLS "FOOL DRIVERS" SYMPTOM OF AGE

The padding of automobiles for offenses against traffic laws was urged last evening in a sermon by Dr. John Thompson, pastor of the First Methodist Episcopal church, Chicago temple.

"The assessing of fines for law violations does not seem sufficient to keep certain drivers from breaking the sensible rules laid down by the city and the state," said Dr. Thompson. "I believe the principle applied to violators of the prohibition law when their houses of business are put under a key word has a restraining effect on fool drivers. When the law is violated put the car out of use for one, two, or three months, according to the seriousness of the offense."

"Fool drivers and Jaywalkers are a symptom of the age. A few days ago I was at a funeral where four cars were wrecked because the drivers tried to pass others. I have watched the speeders in Oak Park run past the red lights and round the corners in violation of the traffic rules."

At the bedside when the broker died

## HOODED SPECTER CAUSES SHUDDER IN INDIANA G. O. P.

Klan Revival Seen with Smith as Bait.

BY ARTHUR EVANS  
[Chicago Tribune Press Service]

Terre Haute, Ind., Aug. 21.—[Special.]—A Sunday shudder was thrown by some of the Hoosier politicians over reports that the Ku Klux Klan will try to revive itself for political activities in the 1928 campaign, using the candidacy of Gov. Al Smith of New York as smelling salts.

The Klan, since D. C. Stephenson,

state dictator, went to the pen for life,

and since the scandal wave engulfed the state, has faded to a shadow of its former self, but now it is seeking to rear its head again. An assertion by Elmer Evans, imperial wizard, on a recent visit to Indianapolis, that the Klan has a million dollars in its treasury for politics next year has been followed by a call for organizers at \$50 a week and expenses.

Gov. Smith Anyhow.

Some leaders are prophesying the Klan will try to turn the state of Indiana into a reproduction of the fight among the Democrats at Madison Square Garden in 1924, in case Smith should be nominated. Pauline, on the Democratic ticket. If Smith does not land, the Klan will try to use his candidacy as a restorative up to the time of the national convention anyhow.

In Indiana the Klan is Republican, and the tidings led some of the party workers who have not been involved in the scandal harpies to take a gloomy view. They said it appears that Indiana will have been honored to emerge from the wreckage by an association of Klan activities, may have to go on crutches into the Republican national convention and into the election.

Democratic leaders who in general

take the view that Smith cannot be nominated, due to the hangover from the Madison Square Garden fiasco, are preparing for a tremendous battle on the issue, "Indiana Indiana." In the first number of the Hoosier Democrat issued today by the state organization, one leading article says the Republican party of Indiana abdicated its authority to a political and social mobster like the Klan.

"It need not be argued," it says, "that a Republican party which has freely conspired with wicked forces, consorted with evil and made its polluted bed with corruptionists, which has been guilty of betrayal and become a hedge-podge of lies, perfidy and bribes, should be brought to bear the penalty of its crimes and stripped of power for further wrong."

*Good Little Lessons.*

So it begins already to sound like a real battle royal that the Klan, in the words of Wooten, the Indianapolis banker, will have a solid favorite son delegation in the national convention. The expectation here is that Smith will not enter the presidential primaries unless he is hunting for disaster.

In the cross-section of Indiana between Indianapolis and Terre Haute,

## DE VALERA SAYS HE TOOK KING'S OATH FOR PARTY

[Chicago Tribune Press Service]  
DUBLIN, Ireland, Aug. 21.—A whirlwind campaign was on today in the Dublin election for the county and city seats at 7th street and the lake. Kostner reported to the police and Newman, who was employed as a manager spearer at the stand, was arrested. Of the money \$500 was found in Newman's room. He admitted that he had spent the other \$500 in one wild evening. Newman told the police he had kept the money received in a draw.

## Recover \$850 Out of \$1,200 Stolen at Sandwich Stand

John Newman, 446 Greenwood avenue and \$1,200 disappeared at the same time Friday from a red-hot sandwich stand operated by Walter Kostner at 7th street and the lake. Kostner reported to the police and Newman, who was employed as a manager spearer at the stand, was arrested. Of the money \$500 was found in Newman's room. He admitted that he had spent the other \$500 in one wild evening. Newman told the police he had kept the money received in a draw.

CHICAGO  
DIE AS  
STRIKE

Father, Mother  
Killed at

(Picture on back page)  
These Chicagoans  
died yesterday morning when  
in which they were in  
a Kimballwood and  
were taken on a grade  
hill about 200 miles  
from their home.  
The dead are Alvin  
and their wife, Mrs.  
Kimballwood, 12 years  
old. They were driving  
on a automobile  
on Kimballwood avenue  
when they were killed  
in a collision with a  
truck.

Family Stars  
At daybreak yesterday  
started to Parkersburg,  
W. Va., 15 year old  
and Miss Brake, his  
relatives.

The accident was  
made here by the B. &  
F. F. He stated  
that he was driving  
on the automobile  
which was issued to  
him by the Kimballwood  
avenue disclosed that  
he had the license plate  
newly purchased.

Toll is Raised  
Three deaths in Co.  
day raised the local toll  
since Jan. 1 to

Francis De Gester,

Washington street, died

on board of a truck driven by

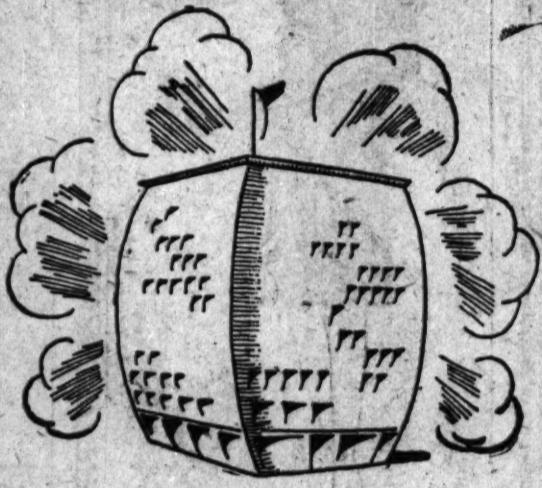

Paul Hyd. 12 years

old.

The store is  
**FAIRLY BURSTING**  
with new clothes  
for Fall

You wouldn't believe one store could house such a magnificent array of things-to-wear! There are any number of suits so fine you'll hardly be able to say which you like best.

You know, of course, about the extraordinary smartness of Society Brand Clothes. You've heard of their famous cut. Perhaps you've never come in, though, and proved to yourself how really unusual they are.

Slip on any one of the Society Brand models shown here and examine the shoulders and collar. See how wonderfully they fit up about the neck. That's the great test!

And when you've chosen a Society Brand suit, you'll never tire of it—never. You'll agree with us that there are no clothes like these, anywhere.

## Society Brand Clothes

NOTE: For an exceptionally smart fabric to go with these models we suggest the new, exclusive

**BRISTOL STRIPES \$50**

Other Society Brand Clothes

**\$45 to \$85**

THE DUNLIN  
A favorite style with collar men—  
three button coat, with high lapels.

THE CORNELL  
A splendid conservative style:  
two button coat, with low-  
rolled, notch lapels.

THE CORNELL 3  
A three button style with a somewhat  
fitted waist. A popular  
young man's model.

THE DOUBLE BREASTED  
It takes Society Brand to give a  
double breasted the right cut!

THE REGENT  
For young men who prefer a  
fitted coat: broad shoulders,  
with snug hips.

THE GRID  
A collar type of coat, straight and  
full—but with two buttons  
instead of three.

## CHICAGOANS DIE AS TRAIN STRIKES AUTO

Mother, and Son  
Killed at Flora.

(Picture on back page.)  
Two Chicagoans were killed yesterday morning when the automobile in which they were riding was struck by a train at a grade crossing at Flora, Illinois, 200 miles south of Chicago. The dead are Alvin Brake, 40 years old, wife, Mrs. Marie Brake, 38, and their 13 year old son, Allyn, of 1115 Northwest avenue, who was the owner of an automobile repair shop at Flora and Kimbark avenue.

**Family Stars on Trip.**  
At Garyville yesterday the three sons of Edgar McGuire, 40, of Flora, He stated that the license plate of the automobile had a number and was issued to Edgar McGuire, 15, of Kiefer avenue. An investigation disclosed that Brake had moved his car in his shop and had borrowed the license plates to use on his newly purchased automobile.

Toll Is Raised to \$35.

Four deaths in Cook county yesterday raised the local toll of motor accidents since Jan. 1 to 535. Francis De Gester, 5 years old, 2833 Madison street, died at the Martha Washington hospital from injuries received on a playground when he was hit by a truck driven by Philip Rudwick, 201 North Leavitt street. Rudwick was questioned for the inquest. Paul Hyd. 13 years old, 5416 South

### PLAN TO LIGHT 3,400 MILES OF AIRWAYS IN U.S.

[Chicago Tribune Press Service]

Washington, D. C., Aug. 21.—(Special)—Plans for the establishment of lighting facilities on 3,400 miles of airways during the next year have been completed by the air section of the department of commerce. The airways are lanes between air ports with intermediate landing fields at three-mile apart. For the safety of airplane flights at night, electric revolving searchlight beacons will be constructed at intervals of ten miles along the routes. Airways extension superintendents will lease the sites for the intermediate fields and the beacons.

Bids were opened on Aug. 8 for construction of twenty-five beacons and six intermediate fields between Chicago and La Crosse, Wis., covering about 260 miles of the Chicago-Twin Cities airway.

The department of commerce announced today that the National Air Transport company will not take over the carrying of mail on the New York-

airway section of the transcontinental airway until Sept. 1.

John E. Somers, Bronxville, N. Y., has been appointed airways superintendent in the airways division of the lighthouse service. He is a graduate of the University of Michigan.

### Roomer, Shot by Jealous Landlord, Dies in Hospital

Attention paid to his wife angered John Keys, 127 Sheldon avenue, and on Aug. 11 he shot Edward Gates, 28 years old, a roofer whom he accused of trying to seduce his wife. Keys was admitted to the county hospital, where he died yesterday of a bullet wound in the head. Police started a search for the landlord who had been released on bond, charged with assault with a deadly weapon at the time of the shooting.

### Dies in 1,000 Ft. Leap with Parachute He Invented

LEIPZIG, Germany, Aug. 21.—(AP)—Anton Merkelsbach, noted parachutist jumper, was killed today in a leap with a parachute of his own construction. A leather strap broke, precipitating him 1,000 feet.

Kiefer avenue, was killed when a truck in which he was riding ran into another vehicle near Central Park avenue as the driver sought to avoid hitting another automobile. The boy was thrown to the pavement and his skull fractured. The street car motorman, Matthew Taeles, 5540 South Mobile avenue, was not hurt.

Charles Strelow, 42 years old, 1025 West 47th street, died at the German Deaconess hospital of injuries suffered when he was struck at 47th and Morgan streets by an automobile owned by Michael Janesak, 5214 South Lincoln street. He stated that it had been stolen from him only a few minutes before the crash.

**Wedding Crash Is Fatal.**

R. G. Hebron, 40, of Little Rock, Ark., was killed near Lafayette, Ind., when the automobile in which he and Miss Anna Cohee of Louisville, Ky., were going to Crown Point to be married collided with another car. Joseph Keys of Colfax, Ind., one of the occupants of the second automobile, was also killed. Miss Cohee was seriously injured.

**FIND BODY OF DEAD MAN.**

An unidentified man about 65 years old was found dead yesterday in a hallway at 32 West Austin.

## FATE OF SEVEN PACIFIC FLYERS STILL MYSTERY

Search for Girl and Six  
Men Is Kept Up.

(Continued from first page.)

Erwin, since it sent an SOS on Friday night. Naval ships and planes continued their search, recalling that the late Commander John Rodgers was lost for nine days before he drifted to shore.

Erwin's Wife Loses Hope.

Collingswood, N. J., Aug. 21.—(P)—Hope virtually was abandoned today by Mrs. Constance Erwin, young wife of Capt. William P. Erwin, pilot of the missing airplane, the Dallas Spirit, that he will be found alive. Here at the home of her mother, where she has been staying since her brother, ill of typhoid fever, she has maintained that her husband would be rescued. Today, however, with no word of the missing plane, she collapsed.

"I want to be alone," she told her mother, Mrs. J. W. Ohl, as she sought the seclusion of her room. "I feel at first that Bill would come through. But now they tell me I must expect the worst. Why couldn't I have been with him, when he fell?"

Great concern is the reason for Mrs. Erwin's being here instead of "somewhere in the Pacific" with her husband. At the last minute it was learned that all the contestants in the Easterwood flight must be 21 years old or over. Mrs. Erwin is 19. Disappointed, she boarded a train for Collingswood a half hour before her husband took off for San Francisco.

Rewards Widow of Erwin Died.

Dallas, Tex., Aug. 21.—(P)—In the event Capt. William P. Erwin lost his life in his attempt to find the missing Dole fliers his widow will be presented with \$5,000 by William E. Easterwood Jr., Dallas capitalist. Easterwood, who offered \$25,000 to Erwin for a successful flight to Honolulu and has posted \$25,000 for a Dallas-Hongkong flight, made this announcement tonight.

Weather Halts German's Hop.

COLOGNE, Germany, Aug. 21.—(P)—The proposed flight of Lieut. Otto Koennecke in the biplane "Germania" was postponed today on account of unfavorable weather.

Test London-London Plane.

Curtiss Field, N. Y., Aug. 21.—(P)—The Stinson-Detroit monoplane, Sir John Carling, arrived late today from London, Ont., for a thorough test of its instruments in preparation for an attempted nonstop flight from London, Ont., to London, England. Capt. Terry B. Tully, pilot, and Lieut. James Medcalf, co-pilot and navigator, said the flight from London was made without incident.

Appropriation to Meet  
Army, Navy Demands.

*Chicago Tribune From Service*  
Washington, D. C., Aug. 21.—(Sp.)—Negotiations for the construction of twenty-two airports to be situated in various parts of the country are under way, William E. Arthur, aeronautical engineer, said today. Actual construction on three flying fields will begin very soon, he asserted.

Flying fields at Bridgeport, Conn., Northampton, Mass., and Elkins, W. Va., are planned, but definite sites of the twenty-two proposed fields were not announced. It was said, however, that two were in Florida and one near Havana, Cuba.

Many of the new airports are to be municipal property, but a number of the projects are being financed by chambers of commerce and private capital.

The needs of the army and navy air experimental work. Money made available by last congress will make it possible to increase this production to 12,000,000 cubic feet within another year, it is asserted. Congress appropriated \$1,063,000 for expansion and development of helium during this fiscal year. Should congress grant \$2,000,000 more for the next two years production can be run up to 18,000,000 cubic feet annually by the time the new airships are completed.

Sufficient for Experiments.

Last year's production of helium was 6,944,852 cubic feet, far below

our peace time needs. The advantageous combination results that might have been obtained from simultaneous operation of the Shenandoah and the Los Angeles were thus lost."

The sole source of helium in the United States at present is the United States helium producing plant now operated by the bureau of mines at Fort Worth, Tex. The output is equally divided between the army and navy.

**Recruits Needed Training.**

**MR. JARDINE'S FARM  
BILL.**

In the current number of the Farm Journal Secretary of Agriculture Jardine presents his argument on behalf of the program of farm relief which he favors. This program was made public several weeks ago at Rapid City. The President has not yet given it his personal endorsement, but it seems probable that the plan, in broad outline, will have his support in Congress.

Mr. Jardine proposes to create a federal farm board with a revolving fund of some \$200,000,000 to lend to cooperative marketing associations. Most farmers, acting individually, are obliged at present to market their crops soon after harvesting them, with a resultant depression in prices from over-supply. An association of many producers with ample credit to finance itself might hold the crop until prices took a more favorable turn, Mr. Jardine believes. He points, as an example, to the fact that cotton sold at 10 cents on the farms last December, but by June the price had risen to 14.8 cents. Meanwhile the farmers had marketed 95 per cent of their crop. The result was financial ruin to many cotton growers; had they been able to market their crop cooperatively, he thinks, prices never would have collapsed and the loss would have been minimized if not turned into a profit.

Mr. Jardine's plan has this at least to recommend it: it is not obstructive. Much legislation which was supposed to benefit the farmers has worked in the opposite direction simply because it limited the freedom of action of purchasers. Laws were enacted in the belief that the purchaser of the farmer's produce was his enemy. From this it followed that anything which hampered the purchases was in the farmers' interest. Regulation of boards of trade, packers, and elevator operators was the fruit of this thinking. The laws have not achieved their end because they served only to reduce the number of buyers and their willingness to take chances. Many dealers preferred to go into businesses which were less hampered. This did not help prices, and at the same time the added expense of dealing in farm products under a régime of governmental regulation was borne by the farmers themselves. Mr. Jardine's plan is an attempt to establish a new marketing system to replace, in part, the old one, which has been all but wrecked by ill-advised legislation.

**MAKE IT FORTY FEET NOW.**  
Roosevelt road is being widened west to the Cook county line to forty feet, but beyond it is being repaved and repaired only in its present width of twenty feet.

This policy is wasteful and unnecessary, and the Kane county citizens should try for a better one. Now that the road is torn up it should be widened at once to forty feet. To widen it in Cook and keep it at twenty feet in Kane, to be widened later, will block the road two seasons instead of one. The thoroughfare is one of the most important in this region and should be made forty feet now while the widening in Cook is being done.

**WHERE ARE AMERICA'S TANKS?**

In a series of maneuvers England once more displays her strength in tanks, the dreadnaughts of land warfare. The first occasion on which the world was wakened up to England's emphasis on these newest war engines was at the time of the imperial conference. It was then that there went on display the latest inventions in tanks traveling thirty miles an hour and more, tanks mounting three inch guns, tanks with wheels for smooth roads and caterpillar tracks for cross country.

That was the time when the United States should have raised itself from its lethargy and gone in for tank building. If it could not point the way, at least it could emulate. England's second great showing of her tank forces—a whole fleet of armored machines, large and small—finds the United States still lagging. So far as we have been able to ascertain this country is about ten years behind.

To continue to lag behind is sheer foolhardiness. With our whole civilian life motorized America should be the most ready to recognize that wars of the future will be no more like the world war than the world war was like the civil war, and that the development and use of the gas engine will be one of the principal differences.

It is easily conceivable that twenty tanks manned by two score soldiers and maintained by two or three score more could match a whole battalion of infantrymen. Given opportunity for their proper use, tanks capable of traveling thirty miles an hour could accomplish in a day what foot soldiers could not accomplish in two weeks or cavalry in a week.

The tank ought to be the ideal arm for a nation

based on keeping its regularly organized man power at a minimum. It should be an ideal arm for a nation so generally familiar with the automobile, so widely mechanized, as is America.

**BEHIND THE COAL STRIKE.**  
The coal strike which began on April 1 continues, with minor violence in Ohio and elsewhere and little apparent progress toward settlement. The prosperity of the nonunion mines as a consequence of the strike has led the operators in western Kentucky to grant a wage bonus of 20 per cent. Some of the operators in Indiana and elsewhere in the central competitive field have made peace with the miners by accepting the Jacksonville wage scale.

These are the surface events. Underlying them are facts of fundamental economic importance which are controlling the situation. The most important of them is that the nation no longer has to accept the terms which coal operators and miners choose to make. In the last ten or fifteen years substitutes for coal have been found and exploited, with the result that coal is no longer an absolute necessity for heat and power. This country can not at present or for a long time to come get along without coal in enormous quantities, but the rival fuels are present in sufficient quantity to break the old monopoly. At the same time, advance in technology have enabled us to develop more heat and power from a given unit of coal than we formerly did.

Harper Lee in a recent article in THE TANZUWA shows the trend. Further evidence along the same line was brought forward only a few days ago, when the figures on coal consumption by class 1 railroads were made public. These figures showed that in 1926 it required 42 fewer pounds of coal to move 1,000 tons of freight one mile than were required in 1920. The total saving in tons is estimated at 23,000,000 and in dollars at \$75,000,000 in the freight service alone.

The coal industry is suffering from a broken monopoly and a diminishing demand. When these facts are recognized and acted upon by operators and miners there is reason to hope that the industry in the central competitive field may be revived and perhaps restored to something like its former importance; but to achieve even that mark will require a long, hard pull.

**AS TO RECONSTRUCTING  
OUR SOCIAL ORDER.**

"Rightly or wrongly," says the New York Nation, "the case of Sacco and Vanzetti has become identified with efforts to reconstruct the social order. Just as the Dreyfus case came to mean infinitely more important things for France and the world than the fate of one Jewish major."

This, unfortunately, we think, is true, and no disposition of the case can have much, if any, effect in avoiding such consequences as must derive from this identification. Already radicalism is pointing out that Gov. Fuller was "forced" by the pressure of foreign opinion, which is in the main organical radical opinion, to grant the present stay of execution. For those in the United States and elsewhere who believe that Sacco and Vanzetti are victims of a capitalist conspiracy, a confirmation of sentence, a pardon, or a retrial will mean that capitalist tyranny, caught in the attempt to destroy its enemies, has been frightened into letting its victims go. If they are executed, radical propaganda will hold their fate out as proof of the dishonesty and cruelty of the social order they wish to overturn.

When the Nation, an advocate of radical reconstruction of the social order, says that "the world at large knows that Sacco and Vanzetti have been judged and will have been executed by representatives of one of these viewpoints alone," it voices the opinion, not of the world at large, but of radical groups in the world and of some minority of nonradicals who have been convinced by the propaganda of defense. We, of course, cannot prove, but we believe that the great majority of American people are interested primarily in the question of guilt and take no stock in the theory of a clash of viewpoints, except as they recognize that organized radicalism is trying to substitute its opinion for that of a jury and court.

Nevertheless, the effect of the propaganda of defense, we realize, has reached a large class which is not definitely radical in its views and it will strengthen radical propaganda in the labor movement. This must be recognized. The remarkable extent of the protest is a fact which, apart from any opinion on the case, must impress any believers in the American system with the need for dealing with the phenomenon it represents. Whatever happens to Sacco and Vanzetti, radicalism will prevent the necessary steps to be taken to the practical exclusion of all cough drops. For some years have used equal parts of croscroft and eucalyptol [without the chloroform].

# UNIONS ASK FEDERATION TO BACK COMPANIES

NADAM, YOU CAN  
SEE FOR YOURSELF  
HOW SOME OF YOUR  
CHILDREN ACT.

clared that the letter was the "most astounding document" ever presented to the federation. When a vote was taken the principles outlined in the letter were endorsed by 2 to 1.

The stand taken by the federation was in contrast to a resolution adopted July 27 which condemned the traction companies and demanded in favor of municipal ownership.

"We are moved to an expression of opinion on the wisdom and justice of continuing a policy of attack on union employers such as the car line owners," the letter read. "They have had amicable relations with their union employees for more than 25 years."

The commission employ more union labor than any other company in the city, and we should show decent regard, at least, for the long continued recognition of union labor by these employers."

"Ours is one of the few industries that is buck-sawed, hemmed in, and hamstrung by near-statesmen and professional objectors because of its public nature. Our wages depend upon the revenue the companies get, and

adequate revenue depends upon adequate fares. We ask for fair play for the industry from the federation."

Frank E. Lawrence, president of the affiliated employees' union, and Ald. Oscar Nelson were among those who voted in favor of the sentiments expressed in the letter.

## J. G. CLINNIN, 74, FATHER OF GENERAL, IS DEAD

James G. Clininn of 5380 Greenwood avenue, father of Brig. Gen. John V. Clininn, retired, died yesterday at the Illinois Central hospital. He was 74 years old and had been a resident of Chicago since 1878.

Mr. Clininn was a native of Huntley, Ill. He is survived by a widow, Mrs. Jennie Daugherty Clininn, six children and four daughters. Mr. and Mrs. Clininn celebrated their golden wedding anniversary in 1924. For many years Mr. Clininn conducted a milk business on the south side.

Funeral services will be held at St. Thomas the Apostle church Wednesday at 2:30 p.m.

## H. S. MECARTNEY, ATTORNEY HERE 40 YEARS, DIES

Harry S. McCartney, for more than 40 years a well known figure in Chicago legal circles, died yesterday after a long illness, at his home at 213 5th avenue, Hinsdale. He was 86 years old and is survived by his son, Malcolm Harry C., and Earl; his daughter, Mrs. Grace Kavanagh, and his widow, Mrs. Newell McCartney. Funeral arrangements are to be made later.

McCartney had been ill for several years and during the last months relinquished practically all his business to his son, Malcolm. He was born in Lancaster, Pa., Sept. 26, 1866,

and came to Chicago as a young man.

In recent years he was prominent in important litigation, principally that having to do with the Adamson eight hour law before former Federal Judge W. M. Ladd; and with an effort before the U. S. Supreme court to compel the secretary of state to declare the war with Germany at an end in 1920.

Carpenter, 76 years old, with his companions, G. W. Cook, 61, George Davis, 67, John Burkett, 70, and Ben

## VOODOO DOCTOR FOUR OF PRIESTS TAKEN IN SOUTH

William Carpenter, voodoo doctor, and his four priests of the "temple" were in jail now today while Sheriff Pat Byrne continued his investigation of alleged practices in the temple and the death of a 73 year old Negro, who was reported to have undergone "treatment" there.

A hitching post where the "patients" were fastened with a trace chain while the process of exorcising "evil spirits" from their heads went on, was one piece of equipment found.

One of the "priests" explained, Sheriff Byrne said, that a Negro woman had been secured to the post, awaiting the removal of the "spirits" until "King" William became alarmed and released her.

Carpenter, 76 years old, with his companions, G. W. Cook, 61, George Davis, 67, John Burkett, 70, and Ben

Penton, 66, were charged with practicing voodooism without a license and will be given a hearing tomorrow.

Membership of the colony, officers included, consisted of Negro women and girls who expressed themselves as believing "King" William and his assistants were endowed with supernatural powers.

**PALE FRIES LAUNCHED PAYPAL.**  
A fall from a ladder on Aug. 12 resulted in the death yesterday of Charles Becker, 66, 30th Milwaukee avenue.

### Important Notes

#### Hats, of Course!

Any little girl will win advanced standing if she selects her Hats from the smart new collection in the Junior Hat Section. Close fitting ones and floppy brimmed ones in felt and velours in all the new colors. \$5 to \$13.75.

**Hats for Everybody!**  
Every girl and boy wants a pair of shiny new Shoes for the first day of school, and now's the time to get them at August prices. Thousands of brand new Shoes are waiting impatiently in their boxes for Juniors to try them on and scamp off with them.

#### New Hosiery

5, 1/4 and 1/2 refer to the new socks—not to lessons in arithmetic! From England come new half socks of soft white wool with colored stripes. New three-quarters Socks have gay revolving stripes. Seven-eighths Socks are woven in derby rib with diamond check tops. For the more dignified upper graders there are many types of fancy stockings.

**Gloves and Kerchiefs**  
You'll want a new supply, of course. Handkerchiefs with names or monograms lettered in thread come in white and colors. Gloves may be had in new fall shades to match new coats.

#### Gloves and Kerchiefs

You'll want a new supply, of course. Handkerchiefs with names or monograms lettered in thread come in white and colors. Gloves may be had in new fall shades to match new coats.

#### Woven Name Tapes

Just 10 days after mother places the order you receive your new labels with your name woven in color.

And from then on you

can prove that you're the rightful owner of your things!

Name tapes are especially necessary for girls and boys off-to-school.

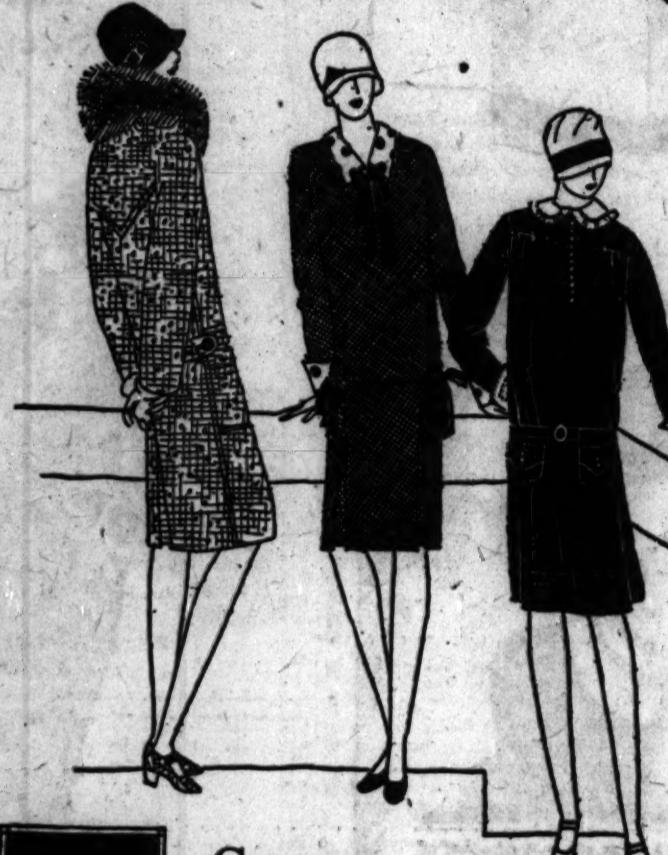

#### "Gym" Essentials

All the regulation things Girls and Juniors need for Gymnasium are here:

Bloomers, sizes 6 to 16, in Serge, \$5; Satin, \$1.75; Poplin, \$2.75. Regulation Middies, \$1.75 up. Plaid skirts, navy, serge, \$3.50 up; plaid, \$7.50 up. Overblouses, \$2.50 up.

The little black and white squares on this page are details from our "Going-to-School Posters." Like school pennants, they are made of colored felt by Lenci in Italy, the maker of the lovely dolls.

## Get Ready For School!!

### Smart Electives for Girls and Juniors

**Junior Coat**, first, of imported novelty mixture has new yoke back. In green or tan with wolf collar. Sizes 13, 15 and 17, \$62.50. **Two-piece Frock** of flannel with two sets of collar and cuffs. Adjustable ties at waist. Copenhagen, green, navy, sizes 13, 15, 17, \$22.50. **Tailored jersey Dress** with yoke, collar and cuffs of frilled linen. In green, rose-beige or sailor blue, sizes 13, 15, 17, \$15.75. **Girl's Coat** of chinchilla, flannel lined, collar of beaver or Australian opossum. Sailor blue, French blue or cocoa, sizes 6 to 14, \$29.50. **Two-piece Dress** of wool crepe with convertible collar. Contrasting ties and bands. In sky blue, tan, tile or navy, sizes 8 to 14, \$12.75. **Fine hairline Frock** of wool crepe, belted and trimmed with small steel buttons. In navy, green, and old blue. Sizes 8 to 14, \$15.75.

Junior Floor, Junior Room, the 4th

Practically as exciting as actually starting off for school the first day is the shopping for school things on the Junior Floor the 4th this season—for, of course, you know that it's a brand new Junior Floor you're shopping on! There's the new Juniors' and Girls' Salon youthfully done in mahogany, a new and greatly enlarged Infants' Section in soft blue and gray for kindergartners and primary graders, a handsome new Room fitted for the Boys, and a new Junior Shoe Section for them all. And in each of these various sections, the most special prices on school togs prevail.

### Boys' Clothes Fully Accredited With Correct Fall Style

The wearer of the Plus Fours tops them off with one of the new Sweaters. The Knicker in gray, brown or tan wools, \$4.50; the Sweater, \$5. The little fellow wears a Jersey Knit Suit imported from Belgium. Novelty patterns are woven into the collar and cuffs, 4 to 8 years, \$6.75. The Suit, right, is an impressive piece of tailoring. Of new fall materials in medium gray and tan. Double breasted Coat and two pairs of full cut knickerbockers give it the correct look. 7 to 16 years, \$18.75.

Boys' Furnishings, Junior Floor, the 4th

### Primary Requirements of Young Fashionables

**Naval Reefs** of chinchilla lined with satin yoke. In green, tanbark, West Point blue, gilt emblem and buttons, \$19.75. Tam to match, \$3.50. **A-light weight Jersey Suit** for boys 2, 3, and 4, comes from England. It buttons on the shoulder and comes in green, tan and blue, \$3.95. **The Bloomer Frock** of gingham comes from France. It's completely handmade with collar and cuffs of white pique. In many colors, special, \$4.95. **A jersey Slip-over Sweater**, not pictured, for 4, 6 and 8, in fancy two tone weave and fitted cuffs is English, too. In red and sailor blue, it is \$3.25.

The Infants' Room, Junior Floor, the 4th

## BIDDING IS LIVELY FOR CONVENTIONS OF BOTH PARTIES

Frisco No Longer Sure of Republicans.

(Chicago Tribune Press Service) Washington, D. C., Aug. 21.—[Special.]—Assurance of lively scenes in the national conventions of both parties promises to give impetus to the rivalry among cities seeking the privilege of entertaining them.

Up to the time of President Coolidge's withdrawal from the race, San Francisco was understood to have been tentatively assured that it would get the Republican convention. The fact that Secretary of Commerce Herbert Hoover, a probable candidate for the presidential nomination, resides in California may have changed the situation somewhat, although such an influential Republican as Senator Watson [Ind.] has said that the convention will be held there.

Various factors enter into the situation, among them being the status of the feud between Senator Johnson (Rep., Cal.) and Secretary Hoover.

**True Is Reported.**

Reports are current that a truce between the Coolidge-Hoover forces is in the making. Senator Johnson is a candidate for re-election to the senate next year. His friends believe he can be reflected without serious difficulty regardless of whether or not he objects to the selection of a Hoover delegation to the national convention from California. Hoover, it is generally agreed, follows as a condition for allowing Hoover to have the California delegation, and for giving his full support to the Republican national ticket in

the election, can demand something more than his own renomination and reelection.

**Chicago Is Out.**

### U. S. COLONEL IS TAKING BACK WAR SOUVENIRS

New York, Aug. 21.—[Special.]—A shy man of fifty-two years will go aboard the steamer New York on Wednesday evening, carrying in a small wooden box and a large packing case. The shy man is Lieut. Col. George Crouse Cook, U. S. A., possessor of a conspicuous Service cross for essential work during the world war.

The small box and packing case contain such things as caps, epaulets, citations, pay books, iron crosses, wound medals, etc., all belonging to German or Austrian troops who fought the allies more than ten years ago, and were picked up by Col. Cook during his period of service in France.

Col. Cook, during his trip to Germany, hopes to return the souvenirs to their rightful owners, if he can locate them.

Detroit and Cleveland are actively seeking the Republican convention and St. Louis and two or three other cities also are counted in the race.

The greatest uncertainty prevails as to where the Democratic convention will be held. The only certainty is that New York, where the bitter controversy between the Smith and McAdoo cohorts took place in 1924, will not be seriously considered this time. Cleveland, Detroit, Chicago and St. Louis are among the possibilities.

Detroit and Cleveland are actively seeking the Republican convention and St. Louis and two or three other cities also are counted in the race.

"GETS-IT"

Ends Corns Pain Gone in 3 Seconds

World's Fastest Way

"GETS-IT" is a scientific liquid that millions use, among them famous dancers, athletes, doctors and folks who walk a lot. It ends corns and calluses. One drop stops pain in 3 short seconds. Then the corn loosens and comes off... all gone, forgotten. You walk in peace. There are imitations of "Gets-It." So watch out. Get the genuine at all good druggists. Enough to kill a dozen corns costs only 35c.

No medicinal value

### Approaching the theatrical season

Not only do theater goers exercise a preference for Henrici's as the place for a little repast after "the show," but so too do most of the theatrical profession. There is hardly a footlight favorite in all America who does not know and patronize Henrici's.

### The Finer Furs Are of Special Importance In the August Sale

PURCHASING of furs has certain very important aspects—for there is the thought of style to continue over an extended time and the same thought for service.

With the assurance here of fine quality and workmanship, and the knowledge of savings, now is the time to make successful selection.

The texture of ermine gives the luxurious air to these coats of simple slender lines so regally worn in the circles of the most chic.

In cocoa, natural, summer ermine or white ermine. Some are self trimmed or with contrast in Baum Marten, \$585 to \$1,200.

### The Ermie Coat Sketched Is \$1200

Fourth Floor, East.

### A New SILHOUETTE

#### In a New Finish Peau de Peche

THERE'S a gorgeousness in the soft silky fabric with its combination of silk grosgrain ribbon adding even greater sophistication to subtle lines. Three different head sizes. In black, tawny birch, sharon, moroc and goblin. \$22.

#### In the Sports Room

Fifth Floor, North, State.

### Just in Time for the "Going-to-School" Wardrobe

#### Coolie Coat Pajamas, \$2.75

COMFORTABLE for the study hours. Of imported cotton crepes, in a wide range of colorings and printed in the picturesque Japanese designs.

#### Tub Silk Pajamas, \$5.75

The sleeveless and V-necked jacket is in striking plaid designs, with plain trousers of the predominating color cuffed in plaid.

Third Floor, North, State.

In the August Sale—

### Women's Fine Coats

\$135

THERE is a great note of luxury when rich beaver or dyed fitch skins bring out fashion details on the coat for women, at left. The deep rolling collar in dark brown on tan, moonlight blue and black.

For Misses, Rough Imported Tweeds  
In Salt and Pepper Mixture, \$57.50

Unusually fine tailoring and distinctive tweed of English weave. Lined in silk and warmly interlined.

Fourth Floor, North and South, State.

In the August Sale—

### Girls' American Opossum Coats

\$97.50 to \$120

WITH rules of smart dress for the young defined in "simplicity" and "swagger," these coats are ideal choice.

The style is "tomboy" with woolen lumberjack lining—double-breasted with deep pockets.

The peltries are long-wearing, with a certain well-bred ruggedness.

Sizes 6 to 14 years.  
In the August Sale,  
\$97.50 to \$120.

Fourth Floor, East.

Arranged by Colonel.

The ceremonies were arranged by Lieut. Col. Gordon Johnston, executive officer at Fort Riley, who served Gen. Wood in the rough riders of '98 and who later was on the general's staff in the Philippines.

"General Wood was the greatest American of his time," declared Col. Johnston. "The nation lost a figure which will shed a greater light on history than during the period which he lived. He demonstrated gifts which many makers of empires never reveal."

Col. O'Donnell, who was chief surgeon in the 8th division, told of the services between Gen. Wood and the division which he trained when the troops started overseas and their command was ordered to return to Camp Funston.

Always obeys orders.

"There is nothing to be said," the general told us, "the speaker related, "but that soldier always obeys orders."

"If you seek the secret of Gen. Wood's greatness, you will find it in his heart," Col. O'Donnell concluded.

"He was a good leader, because he was true to his ideals and true to his thoughts."

Gov. Ross S. Paulsen of Kansas also made a brief address, praising Gen. Wood as "a true Christian, a great American, and a gallant soldier."

Capt. Roy N. Miller of Morton, Kan., captain of the 114th cavalry, Kansas national guard, gave the induction.

The bugle corps sounded "Honors to the Governor General." A choir sang two of Gen. Wood's favorite hymns, "Lead Kindly Light," and "Come with Me."

#### MAN'S VICTORY OVER DISEASE IS SHOWN BY ROCKEFELLER BOARD

New York, Aug. 21.—(UP)—Hookworm disease has almost disappeared from the United States and is rapidly coming under control in many parts of the world, the international health board of the Rockefeller Foundation reports.

The greatest achievement, however, is not the rehabilitation of more than 7,000,000 sufferers during the last fifteen years, but the development of measures which will prevent millions yet unborn from succumbing to the ravages of the disease.

Control of malaria is unfolding along the same lines, with the result that only in the rural districts is the problem one of difficulty.

Yellow fever control is declared pos-

sible, but only through extensive pub-

lic health education, improvement of

sanitation and environment, and con-

stant alertness.

Arranged by Colonel.

The ceremonies were arranged by Lieut. Col. Gordon Johnston, executive officer at Fort Riley, who served Gen. Wood in the rough riders of '98 and who later was on the general's staff in the Philippines.

"General Wood was the greatest American of his time," declared Col. Johnston. "The nation lost a figure which will shed a greater light on history than during the period which he lived. He demonstrated gifts which many makers of empires never reveal."

Col. O'Donnell, who was chief surgeon in the 8th division, told of the services between Gen. Wood and the division which he trained when the troops started overseas and their command was ordered to return to Camp Funston.

Always obeys orders.

"There is nothing to be said," the general told us, "the speaker related, "but that soldier always obeys orders."

"If you seek the secret of Gen. Wood's greatness, you will find it in his heart," Col. O'Donnell concluded.

"He was a good leader, because he was true to his ideals and true to his thoughts."

Gov. Ross S. Paulsen of Kansas also made a brief address, praising Gen. Wood as "a true Christian, a great American, and a gallant soldier."

Capt. Roy N. Miller of Morton, Kan., captain of the 114th cavalry, Kansas national guard, gave the induction.

The bugle corps sounded "Honors to the Governor General." A choir sang two of Gen. Wood's favorite hymns, "Lead Kindly Light," and "Come with Me."

(Reg. U. S. Pat. Off.)  
DENTAL POULTICE

WHEN you've dined well  
and not too cautiously the night before, it's seldom amiss  
to drink to your own health  
in ENO in the morning.

ENO is a great aid to  
clearing out the inner man,  
and in most cases where a  
sluggish intestinal tract is at  
fault, there's nothing like ENO.

ENO has none of the nau-

seating taste or drastic action  
of ordinary "salts." A dash  
of this sparkling saline in  
water makes a bubbly, cool,  
delightful drink. And its  
action, although thorough, is  
gentle and comfortable.

At druggists, 75c and \$1.25.

**YANKEES, BRITISH  
GIVE CHINA'S NEW  
DUTY COURT TEST**

Suits Are Filed in U. S.  
and English Tribunals.

BY JOHN POWELL  
Chicago Tribune Special Service  
Copyright 1927 by The Chicago Tribune

SHANGHAI, China, Aug. 21.—The first law suits growing out of the Nationalist tariff autonomy program have been filed in the United States and British courts here. Both cases pertain to shipments of beer, upon which the Nationalist government is assessing 30 per cent duty instead of the previous 5 per cent.

One suit was filed by the American firm of Longfellow & Adams against the Dollar Steamship company, which refused to release the cargo from their bonded warehouse unless the dealers paid the increased tariff. The other case was brought by the Gaudy-Frost company against a British warehouse on similar claims.

The purpose of the cases is to test the legality of the Chinese tariff autonomy. The importers say it violates the treaty rights of foreigners.

Walter Williams, dean of the Missouri School of Journalism and honorary president of the World Press conference, arrived in Shanghai today. He will try to induce Chinese newspapers to send delegations to the Pan-Pacific Journalists' conference at Honolulu next summer.

*Ports and Ships Battle.*  
LONDON, Aug. 21 (AP)—Reuter's latest news report says that ships were exchanged this morning between the Tsingtao squadron's flagship *Haichi* and the Woosung forts. No damage was done.

**BUNDESEN LAUDS  
GORGAS FOR HIS  
MEDICAL WORK**

William C. Gorgas, an army surgeon who conquered the tropical fevers to make possible the Panama canal, was one of mankind's greatest benefactors, Dr. Herman N. Bundesen declared yesterday in his weekly health bulletin. "We are glad that the Gorgas memorial is located in Chicago," he said. "Operated on the same principle as the city health department the memorial aims to eliminate unnecessary illness, to prolong life and make it healthier, more productive and more enjoyable."

## N. Y. MAYOR SEES ALL THE 900 IN OLD ERIN HOME

6 Piece Band Out to Greet  
Emigrant's Son.

CASTLECOMER, Kilkenny County, Ireland, Aug. 21.—(AP)—One of the boyish dreams of Mayor James Walker of New York has come true. He has made his first visit to this little town from which his father, William Henry Walker, emigrated to America, some fifty years ago.

Every one of the nine hundred residents of Castlecomer was out to welcome him as his limousine rolled over the old stone bridge and into the main street and town square.

Castlecomer has no mayor, so the Rev. C. G. McNamara, parish priest, and Dr. J. B. Ryan, justice of the peace, acted as a reception committee. Six cousins of the mayor proudly joined in the cheering, which nearly drowned out the music of Castlecomer's nine piece brass band.

Dances an Irish Jig.

Raymond [Bill] Burke, the village cobbler, danced an Irish jig at the head of the parade to the birthplace of Mayor Walker's father. Both of Bill's arms were waving high above his head. In one hand he clutched a blunderbuss, in the other a battered felt hat. Shilah, hat, arms and legs beat rhythm to "Come Back to Erin," played by the band whose members of varied ages were garbed in ragged, patched, misshapen old clothes.

Outside the building of the Bank

## GERONIMO, THE APACHE INDIAN CHIEF, TO LIVE AGAIN IN STANZY

Hollywood, Cal., Aug. 21.—(AP)—Geronimo, the Apache Indian chief, who surrendered to Gen. Nelson A. Miles in 1886 after four years' struggle with the white invaders of Arizona, is to live again in statuary.

The Indian Geographic Society today announced plans to erect a monument to the valiant red warrior near Skeleton Canyon, Ariz., where the surrender took place.

Charles Wakefield Cadman, noted composer, has interested himself in the plans for the monument, which will be an equestrian figure. Geronimo died at Fort Sill, Okla., in 1909.

of Ireland, on the second floor of which lives William Walker, a cousin. Mayor Walker made a brief speech of gratitude for the reception.

His platform is a kitchen chair hurriedly brought from his cousin's apartment. After a tour of the town and short visits with his relatives, the mayor departed for Kilkenny.

As farewells were said the band played and marched around the village pump with "Bill" Burke as drum major.

The party moved away while the band played and Mayor Walker waived his silk hat.

**Man Falls Unconscious in Restaurant; Is Near Death**

After falling suddenly unconscious while eating in a restaurant at 1199 Broadway yesterday, a man believed from a bank book in his pocket to be 45, Miller of the Spaulding hotel, Duluth, Minn., was said by physicians to be dying at the county hospital. The doctors said there were no symptoms of food poisoning and that they believed he was the victim of heart disease or cerebral hemorrhage.

## SPIDER'S WEB AS PAJAMAS GETS BY IN LONDON PLAY

LONDON, Aug. 21.—(UPI)—A suit

of silny pajamas, in which Miles De Casalis appears each evening, has shocked London dramatic critics.

The pajamas are an important part of the play, "Footpiper's Wife." More like a spider web than an ordinary garment, of silk, they provide a part of the war paint in which Miles De Casalis, as a modern Footpiper's wife, tries to lead astray her husband, the chauffeur. Miles De Casalis, failing to win the chauffeur's heart, arouses the household and charges that the chauffeur forced his way into her room.

The critics went back to their offices to protest against the carrying by Miles De Casalis of stage realism to its ultimate length.

But the rest of the audience liked

## BRITISH MACHINE ARMY IS INVISIBLE ON NIGHT MARCH

LONDON, Aug. 21.—(AP)—Army maneuvers were conducted at Ballybarron Plain last night to discover whether a mass force of Britain's new mechanized army, consisting of tanks, tankets, artillery, and engineering appliances, could move across the country in the darkness without showing a light or without being visible from the air. Never in military history has such a formidable force in mass formation lumbered and thundered across the country side with airplanes hovering overhead watching carefully for lack of discipline or failure at concealment during the hauls for refueling and other purposes.

# "Big Bill Day"

at the

# RODEO

Our "Cowboy" Mayor—William Hale Thompson  
Will Be the Guest of Honor

This Afternoon at Soldier Field

**Y**OU certainly want to be there when "Big Bill" rides in. He knows how to ride. He will lead the parade, and he'll address the big crowd.

Not that he needs any introductions; it's just a little formality; everybody in the place knows him now. His friends will all be there, and that certainly means a big crowd. He will see the contest which will follow his entrance.

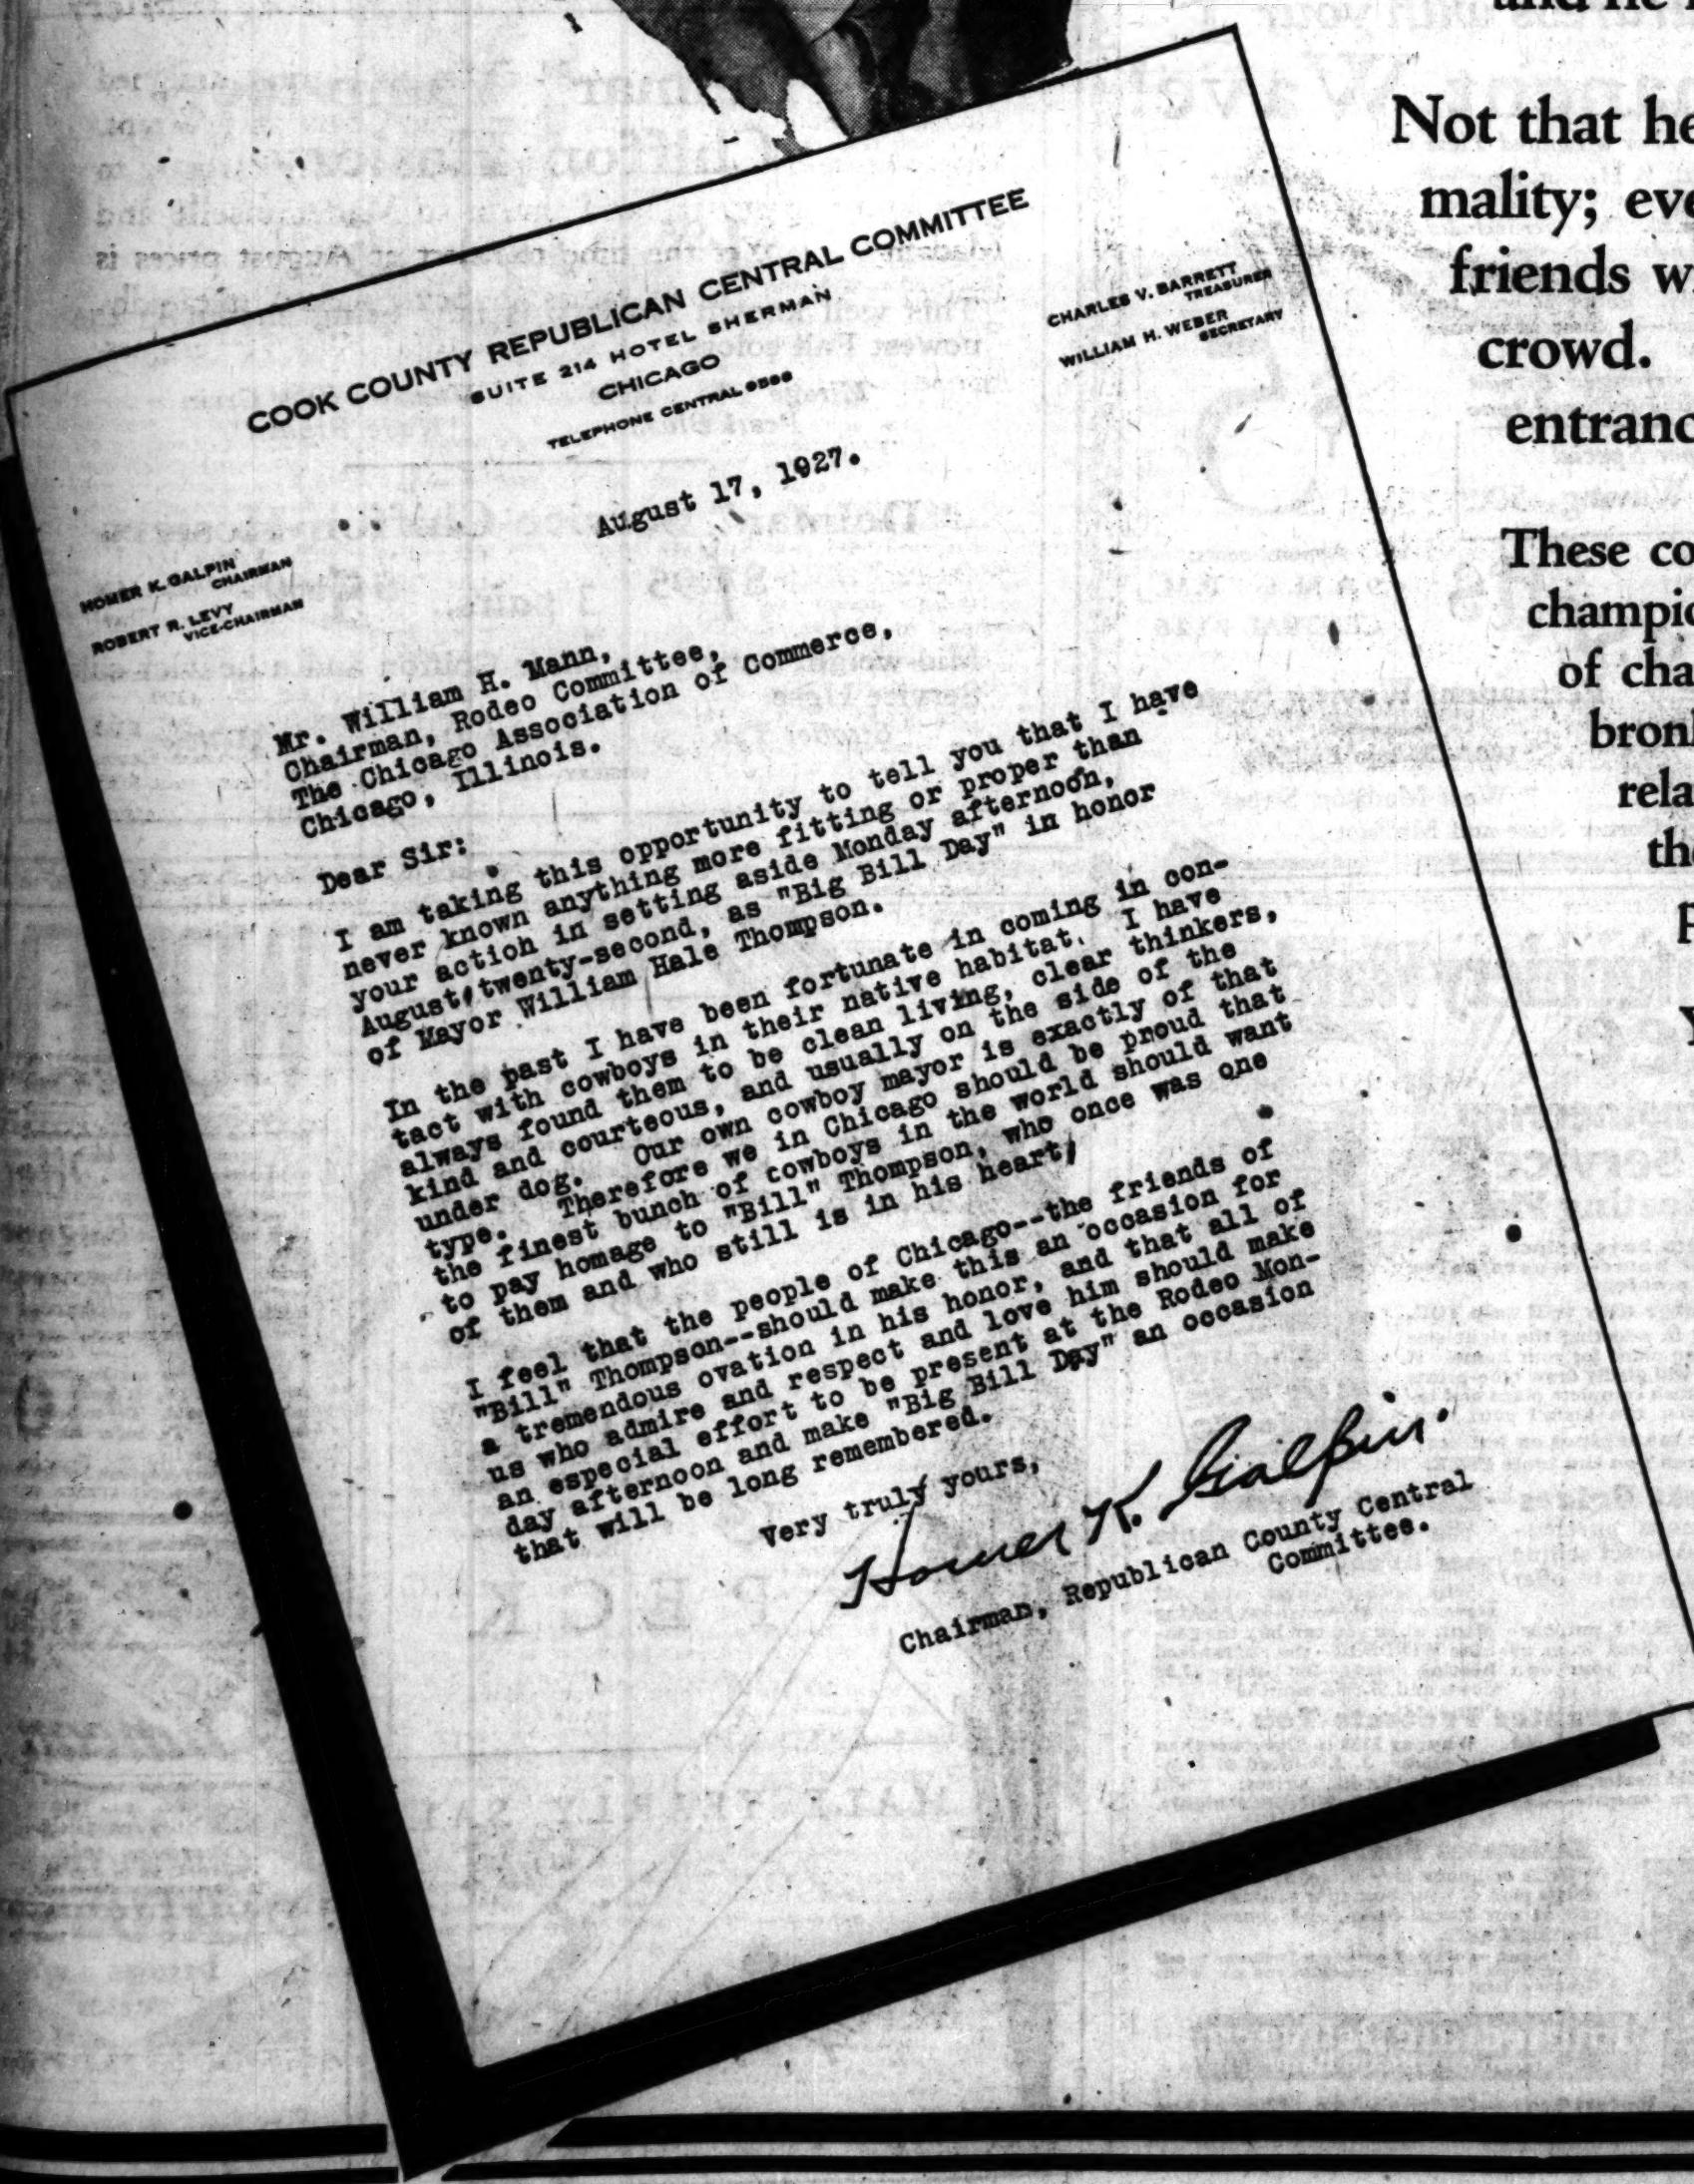

These contests, as you know, are competitions between world's champions and challengers, for the titles, the prizes, the trophies of championship. The best calf-roper in the world, the best bronk rider, the best cowboy relay racer, the best cowgirl relay racer, the best steer-wrestler, the best fancy roper—the best in other feats of skill and daring—these champions will defend their standing against the world.

You'll see some thrilling work; hair-raising exploits that call for the highest courage, the greatest endurance, the risk of life and limb. There are daily prizes in money; there are final prizes for the nine days' records, there are championships to be won, or lost; \$40,000 in prizes; the largest ever offered for such contests.

Every Afternoon and Evening  
Aug. 20 to 28-3 and 8:30 P.M.

## GERMANS ADVISE FARMERS STUDY GRAIN EXPORTS

Use Foreign Markets to  
Keep Prices Steady.

BY DAVID DARAH.

[Copyright: 1927: By The Chicago Tribune.]

FRANKFURT, Germany, Aug. 21.—Five days in Germany, visiting experiment stations, stock farms, model estates and discussing problems with German agricultural officials, have gone far toward clarifying the American farm delegation's ideas on price fixing so as to stabilize the market for a surplus.

Everywhere the first question put by the farmers to leaders of the German agricultural chambers is "Do you fix prices?" The answer invariably has been: "No, but our self-governing organization is largely able to influence prices."

The German advice to Americans has been to make a more intensive study of export problems so as to be in a better position to meet American and Australian competition, and to concentrate on local agricultural organizations rather than the big central organizations, such as the department of agriculture, which the Germans think is unable to give adequate attention to local needs.

Suggestion by German.

The farm pilgrimages have given the farmers a chance to see themselves as others see them. Dr. Axel Schindler, secretary of the German agriculture council, who has spent three days traveling with the Americans, today gave one example of how the farmers of America could control export price variation to some extent by adopting the ingenious German method.

While the Germans as a rule do not have a surplus on the market, it happens now that the Germans have more rye than they need. Dr. Schindler said: When this surplus rye is exported to France and Scandinavia, the German customs issues certificates which then become negotiable, and against the export certificates the same amount of rye can be imported in time of need to the extent of three times.

Dr. Schindler pointed out that this easily might be applied in the United States against Canadian wheat exports.

How It Would Work.

You have a 42 cent import tax on wheat from Canada. Since the Americans cannot export wheat otherwise than to America during the winter months because of the frozen streams and other transport difficulties, their wheat imports swell your surplus. If you could present export certificates against the purchase of this wheat it would help the stabilization."

Dr. Schindler said he did not think a subsidy, even for the purpose of marketing a surplus through selling world markets, was practical.

The farmers today and yesterday have been visiting the farm country about Halle, central Germany, and the golden valley, just south of the Harz mountains, Germany's richest farm country.

**YOU AND YOUR CHILDREN**  
*by Mrs. Gladys Huntington Burns*  
**Spanking—What Do You Think of It?**

"It hurts me more than it hurts you," the old fashioned parent used to say to his child when he was wielding the slipper or the strap—depending upon the tenderness or hardness of his heart.

That's where he got anything but the truth. He may honestly have thought it did—but it didn't. Not by a long shot—neither the feelings of his skin nor the feelings of his heart.

"I never spank my child in a temper," says the judicial parent. "I don't believe in administering corporal punishment when I'm angry. I wait until I've cooled off."

George Bernard Shaw, who long ago expressed ideas about parents and children that were decades ahead of his time and whose wit is a rapier that pierces through to fundamentals, said that the only time there was the slightest excuse for a parent spanking a child was when he was so angry he couldn't control himself—that to do it in cold blood is the one unpardonable thing about it. There's something to think about. A mother I know said to me the other day, "When a mother has to spank her child to make him obey it's a sign of her own failure in managing him."

To be sure, children vary. There is no question that spanking hurts some children more than it hurts others. But advocates of spanking may say what they please—whether a child is highly sensitive or rather thick skinned, excitable or stolid, defiant or submissive, spanking must do him harm. Something must happen inside him—there must be a shift in change in his relationship to his father or his mother after he has been spanked.

There are laxative properties in oranges which, together with the vitamins, help to build a sound, healthy body.

**Cultivate That Orange Juice Habit; It Leads to Health**  
*BY ANTOINETTE DONNELLY.*

Almost all books on nutrition, including United States government pamphlets, advise the use of orange juice as an important part of the diet.

"Orange juice supplies about 120 calories per glass, plus fresh, potent vitamins," says Dr. Bundesen, health commissioner of Chicago. "Thus the normal meals are made more efficient and the necessary bit of nourishment between meals is given with full benefit."

Among the advantages the orange juice habit offers, according to Dr. Bundesen, is the development of good teeth, a fact observed often by modern parents in caring for their young. For the adult orange juice helps to combat tartar and decay. The juice of the citrus fruits contains needed phosphates and other minerals necessary to sound teeth. So we are in daily need of the bone and tooth building mineral salts of oranges.

"Oranges," says Dr. Bundesen, "although known as acid fruit, really cause an alkaline reaction in the blood and has been changed to a more alkaline condition." Two tablespoons of coco, a cup and a half cup of flour, one-half teaspoon of baking powder, an egg, a pinch of salt, one cup of sour milk, one cup of sugar, two to five tablespoons of just melted butter, a scant teaspoon of vanilla or spiced to suit. Some people prefer cinnamon to vanilla for such a cake.

Sift the two tablespoons of coco with the flour, baking powder and soda.

## Tribune Cook Book

BY JANE EDDINGTON.

**Chocolate Cakes.**  
We made a succession of chocolate cakes, divided them up for distribution, and more or less constantly inquired what sort of cake preference was manifested by those who accepted the pieces.

Our final reliance was on the conclusions of a young woman whose verdict, we fancy, is fairly representative of that of a large number of young men and women—the younger generation. She liked best the devil's food which has lately received constant attention from my correspondents.

Now, I like best a much simpler little cake, the recipe for which came originally from a coco advertisement, and has been changed a bit. The ingredients are: Two tablespoons of coco, a cup and a half cup of flour, one-half teaspoon of baking powder, an egg, a pinch of salt, one cup of sour milk, one cup of sugar, two to five tablespoons of just melted butter, a scant teaspoon of vanilla or spiced to suit. Some people prefer cinnamon to vanilla for such a cake.

With careful baking for about eighteen minutes, and at a temperature between 350 and 400, the layers should be satisfactory. With too hot a fire too much of the moisture is dried out, and with too little fire there is another trouble. The baking is rather a momentous matter.

With the egg and also beat the sour milk separately, and then beat the two well together. Then beat into them the cup of sugar and the melted butter. Fold into this mixture the sifted dry ingredients.

Bake in any way you prefer, but it will make three medium-sized layers which taste better with # white icing—boiled icing is superior because it is fluffy—will make as large a layer cake as any small family would wish for.

The batter so made can be baked as cup cakes and served with whipped cream, or it can be baked in a sheet and served in squares with whipped cream. The icing for it may be nothing more than icing sugar wet up with a little cream and with a teaspoon of white corn syrup and flavoring added.

In baking this in layers, just a thin layer of batter should be put into the cake tin.

With careful baking for about eighteen minutes, and at a temperature between 350 and 400, the layers should be satisfactory. With too hot a fire too much of the moisture is dried out, and with too little fire there is another trouble. The baking is rather a momentous matter.

**1st-Do This**  
*If Keeping "That Schoolgirl Complexion" Is Your Aim*  
By NORMA SHEARER

**BEAUTY ANSWERS**  
MRS. V. D.: IF YOUR SYSTEM lacks iron it isn't necessary to take a medicinal tonic. The iron may be supplied in your diet. The chief sources of iron are eggs and green vegetables—spinach and lettuce are particularly good. Dried fruits, such as raisins, figs, dates, and the whole grain cereals, are also fine.

**1st-Do This**  
*If Keeping "That Schoolgirl Complexion" Is Your Aim*  
By NORMA SHEARER

DON'T think a naturally clear skin is denied you, or that costly beauty treatments are required to keep one. That has been disproved.

Beauty experts of this country and Europe advocate a rule so simple, so economical, that millions have adopted it. As a result you see that schoolgirl complexion wherever you look today.

The modern rule for beauty is a simple one: a proved complexion soap, and water to keep the skin and pores clean; "make-up," powder and rouge thoroughly cleared from the skin every night before bed.

PUPPY HONEYBalaban & Katz Theaters Announce  
Amazing New Picture-Program

We have made exclusive contracts with the four outstanding producers of motion pictures, Paramount Famous Lasky, United Artists, Metro-Goldwyn-Mayer, First National, to give their productions first showings in Balaban &amp; Katz Theaters. This is the most remarkable series of big pictures ever secured by any theater or group of theaters and they will come to you, now, one triumphant creation after another, week after week.

In arranging for this amazing new picture-program we found these producers just as eager to have their productions shown in our theaters as we were to secure them for our patrons. These producers regard Balaban &amp; Katz Theaters as the outstanding theaters of Chicago, and as being unquestionably supreme in character and entertainment.

No other theater or circuit of theaters can bring you screen entertainment of such proportions or merit.

It's a Quiet Time

BY NANCY R.

and tennis, contract bridge and golf, visitors and returning voyagers for the winter, and your to other fields with all those the charter of the moment (and usually quiet enough it is) have

now that all Mrs. Ralph Foote and, especially those who also much of their time to the sun of Ravinia, are delighted to learn she is cutting short her stay at Chop, on Martha's Vineyard, and will return to Lake Forest ten days so as to be on hand for the opera and concert at Ravinia.

Rosemary Baldwin and Mrs. R. Winterbottom and their are likewise at West Chop now. Mr. Baldwin, who has been part of this month there, will be back in town this week, while Mr. Winterbottom is now on his way east holiday at the seashore.

Several queries have come my way

in the exact date of Princess Ali-Kropotkin's promised visit to Chicago. She was here before

that time, but I understand

she has postponed her westward until November.

The purchase of Mrs. Charles M. Foster's house at 1414 Astor street by Edward P. Russell is more evidence of the old order. The couple and their two gay and good daughters, Mrs. Russell Christopher and Mrs. Foster, have occupied the house at East Gothic for many years, and although they are really going only around the corner and up the street a little way, they are leaving a stamping ground which they have long been closely connected.

#### Day's News in Society

Mr. and Mrs. John H. F. Gould and Higginson are at Hot Springs for part of their honeymoon. They are to be in Lenox, Mass., where the bride's parents, Mr. and Mrs. George Higginson, reside, until late in the fall, when they will open their apartment at New Haven. Mrs. Higgins' sister, Mrs. Max McMurray, and son-in-law, Mr. Higginson's death prevented her attendance at the wedding of her daughter on 15.

Mr. and Mrs. Durrow Bruce Fullerton and Hunt Wentworth are guests in the Kimball Salisburys in Pittsburgh, the Court, Mrs. Warren M. Salisburys place. They play golf daily at Pinehurst Country Club. Mr. E. Blodgett gives a bridge and novelty at Great Barrington last week for Mrs. John H. Hazlitt of Forest, who is visiting her parents, Dr. and Mrs. John B. Beebe, and for Miss Elizabeth Campbell of Boston. Mrs. Rockwell Stevens and Miss Helen Johnson have departed after a visit with Mrs. William K. Kelly, who is at Denison cottage at Wrentham.

Mr. and Mrs. Delano de Windt of Great Barrington are visiting Mrs. de Windt's brother-in-law and sister, Mr. and Mrs. Donald Mitchell Weston of Weston, N. Y. Mr. and Mrs. Weston have just returned from a trip to N. Y. to Pittsburgh to visit Mrs. Shepard's parents, Mr. and Mrs. Frederick T. West, at Court Hill, Ogden West and the West's son daughter and son-in-law, Mr. and Mrs. Donald F. McPherson of Weston, are to depart this week for several weeks of camping in the Jackson hole country in Wyoming. Mr. and Mrs. Morris L. Townley are to give an unusual party on Saturday afternoon and evening, one of pre-nuptial affairs for Miss Elizabeth Teter, daughter of Mr. and Mrs. Lester Teter, whose marriage to J. Weston Smith is to take place Sept. 1. They have arranged a twilight horseback ride followed by dinner at the Knollwood Country club. On the same day Mrs. Charles Allen is to host a gaiety at a jamboree. Mr. Allen is to give his bachelors' dinner there on Aug. 31.

Friends of William A. P. Watkins and his parents, Mr. and Mrs. Joseph A. Watkins, will have the opportunity of meeting young Mr. Watkins at the home of the secretary and managing secretary, who was host at dinner this evening in compliment to Sir William and Lady Brunton of Melbourne, Australia. Sir William was lord mayor of Melbourne when the United States fleet, of which Rear Admiral Robert E. Coonts was commander-in-chief, visited there three years ago. Mr. Eberle acted as host and addressed them in the name of the city. Mrs. Franklin Callahan in Evanston, and is to go to the house of Mr. Watkins' sister and brother-in-law, Mr. and Mrs. Alexander H. Smith Jr. Mrs. Watkins is to entertain at luncheon at Shoreacres tomorrow for Miss Orr, and the Revells are to give a dinner party on Saturday evening at their residence. No date has been set for Miss Orr's wedding to Mr. and Mrs. George H. Dryden, who are to return Sept. 1 from the Lake Shore drive are expected to arrive in a few days from Banff, Alberta, Can., where they have been on several weeks.

Mr. and Mrs. Alden B. Swift of 299 Shore Drive and their young sons, Lydia and Nathan, who have been touring Europe this summer, left North Shore and are on their way to Paris. They are expected to be in New York City about Sept. 20. Mr. and Mrs. George B. Dryden and daughter, Miss Ellen Dryden, whose marriage is to take place this summer, are to return Sept. 1 from North Mich., where they have been on several weeks.

#### HAROLD TEEN—JUST HOW DOES THE QUEEN STAND?

#### PATTERNS BY CLOTLILDE

(Registered U. S. Patent Office.)

**WOMAN'S AND MISS'S DRESS.**

This slender model of sheer crepe in combination with printed crepe, especially designed for the college girl, can be worn equally well by the smart matron. The slightly bloused bodice has an open V neckline with trimming band in a deep V that tends to slenderize. The attached two piece skirt has a three piece train.

The pattern, \$1.14, comes in sizes 16, 18, 20, 22, 24, 26, 28, 30, 32, 34, 36, 38 and 40 inches bust measure. Size 26 requires 4 1/4 yards of 40 inch material with 1 1/4 yards of 40 inch contrasting.

#### WEDDINGS

Mrs. Carlton John Birchfield of Chicago announces the marriage of her daughter, Louise Corinne Thorpe of Chicago and Alonso, Cal., to Joel Hyde Squier of New York City on Aug. 19.

Mr. and Mrs. William Hughes of 1111 East 5th street announce the marriage of their daughter, Eleanor, to Arthur C. Rehm, son of Col. and Mrs. A. D. Rehm of Oak Park, at Long Beach, Ind., on Aug. 19. Mr. Rehm was graduated from the University of Illinois in 1925 and is a member of Illus fraternity. The bride was graduated from the University of Chicago in 1926. She is a member of Chi Rho Sigma Gamma. After an extended wedding trip in the south, Mr. and Mrs. Rehm are to reside in Oklahoma City.

#### Bright Sayings of the Children

The Tribune will pay \$5 for each child saying printed. The copy should never have been printed in any magazine or paper. It is not possible to acknowledge or return unavailable contributions. Write on one side of the paper. Address bright sayings to Auntie Sue, The Tribune, Chicago.

A small five room house was recently completed on the lot next to us. When the family moved in Billie counted them and found that, in addition to four children, there was an aged aunt.

"Deedness, muver," Billie said later, "how can such a little house fit such a big family?" C. M.

Little Jeanne had been asking her daddy for some time to buy her a dog. He finally asked her what kind of a dog she would like to have.

The barber happened to know me slightly, and said, "Good-by," not thinking of what I was saying. I answered, much to my surprise and ten other people's, "O. K. I'm a dog."

All the people in the shop started to laugh. Then I discovered my mistake, and to make it funnier, blushed to the roots of my hair. G. L.

#### EMBARRASSING MOMENTS

The Tribune will pay \$5 for every letter published on "The Most Embarrassing Moment of My Life." Address Misses Rosalie and Dorothy Blake, Tribune. Write on one side of the paper. No name or address required.

Making it Familiar.

My most embarrassing moment occurred one day when I went into the barber shop to get a haircut. After my hair had been cut I paid him 75 cents and prepared to leave.

The barber happened to know me slightly, and said, "Good-by," not thinking of what I was saying. I answered, "Good-bye." "ANOTHER?"

It would be an excellent idea to tell her that you really care, Andrew.

By all means enclose your card that she may know they came from you.

#### DORIS BLAKE ANSWERS

Yes, Send Flowers.

Dear Miss Blake: I love a girl very much, although I know she thinks I do not care for her. She is now in a hospital undergoing an operation. Is it right for me to send her flowers?

It would be an excellent idea to tell her that you really care, Andrew. By all means enclose your card that she may know they came from you.

#### THIS Gown Is Designed for Early Autumn Days

by Corinne Lowe

NEW YORK.—(Special Correspondence.)—That there is nothing so wise as an old saw is proved by many of the autumn collections. Time and again we encounter these sawtooth effects on both frocks and coats. Sometimes they are achieved by stitching; sometimes, by insets of contrasting material; but most frequently they occur in the form of appliques.

As to the field in which these trimming touches operate, this is a wide one. A favorite zone of activity is at the hem of frock or coat and on the border of the jumper. The model we show today gives you, however, a sense of the wide possibilities of variation in getting an edge on your autumn costume.

Here is the type of frock every woman needs for the first cool days of fall. It is of either navy rep or navy twill and the trimming is of black satin. This satin is applied in the form of pointed yokes and it extends above the narrow gridle of black satin to form those popular pointed scallops. But the ingenuity of the trimming depends largely upon that scalloped band of satin placed just above, for this effects a bolero suggestion and presents that counterpoint so dear to the present day designer.

The black satin is repeated on a collar which represents a most popular contour. For the rest, there is a surplice vestee of white crepe and the narrow sleeves are finished with the same snowy touch. As to the skirt, this sponsors that favorite fan-shaped group of plaited at the front.

#### MOTION PICTURES MISCELLANEOUS

AGAIN A SPLENDID PHOToplay /& MARCHING STAGE SHOW!

"Paid to Love" is the fascinating romance of a Parisian girl whose beauty reached a blinding peak. It is filled with scenes of the most dramatic and suspenseful interest. Both stage shows are unusually fine and the Vitaphone bills are "all star." A mighty program awaits you.

## Elmer Heaps Praise on Two Radio Concerts

### By ELMER DOUGLASS.

The spirit of music last evening was in a gentle mood, sometimes extremely happy and sometimes pleasantly reflective and somber, judging from two great concerts—the New York Philharmonic orchestra concert, Lewisohn stadium, WJZ-KYW, 7:30 to 9:30, and the New York recital by Sylvia Lent, violinist, WG-N, \$1.50 to 3:45.

The stadium concert, William Von Hoogstraten conducting, opened with Beethoven's "Egmont" overture, this work made familiar to us by the Drake Concert ensemble. Its depth of meaning increases with each hearing, until now, to me, it is a Beethoven "Eroica" symphony in miniature, but without a funeral march.

Mozart's serene joyful Symphony in G minor was given the high place of honor. It was one spontaneous outburst of pure melody throughout its twenty-two minutes' duration. I don't suppose nearly all of the instruments were used in playing it, because the incoming tones were so clear and pure. The first movement was lively and full of short and unexpected harmonies; second movement was dainty as could be, though a few solemn notes here and there appeared; the third movement was, I think, just about the purest and prettiest minuet with which I am familiar; the fourth movement was one dizzy, playful swirl of tone. How strange that our small radio orchestras do not give us this universally beloved classic!

That Sylvia Lent's violin recital scarcely suffered at all by the above orchestra program was due solely to the artistry of her playing.

## FANNIE ZEISLER FUNERAL RITES HELD TOMORROW

Many of Chicago's leading artists, musicians and business men are among the honorary pallbearers named for the funeral of Mrs. Fannie Bloomfield Zeisler, the noted American pianist, to be held tomorrow at 11:30 a. m. in the chapel at 936 East 47th street. The services will be followed by cremation at Oakwood cemetery.

Active pallbearers are Paul Alliss, Adolph Ballenberg, Dr. William Buchbinder, Dr. Raymond Grayson, Edwin H. Mayer, Alfred Sayens, Clarence Schaefer and Robert W. Stevens.

Mrs. Zeisler died Saturday night in her apartment at the Cooper-Carlton hotel. She had been afflicted with a heart ailment since her return last October from a European tour. She had been a pianist for more than 50 of her 65 years. Mrs. Zeisler is survived by her husband, Siegmund Zelander, attorney and head of the Municipal Voter's League, and three sons.

## DR. HUTCHINS' FUNERAL TODAY; BURIAL AT HENRY

Funeral services for Dr. Hannah Georgia Hutchins, one of Chicago's pioneer women physicians, will be held at the family residence, 1901 West Monroe street, at 9:45 a. m. today. Burial will be at Henry, Ill. Dr. Hutchins, who was 84 years old, died Saturday after a long illness.

For nearly a half century she had been a resident of Chicago and for forty years was a practicing physician, as was her husband, the late Dr. A. V. Hutchins. In 1920 she retired.

Dr. Hutchins was an earnest advocate of prohibition and she held the presidency of the West Side W. C. T. U. for many years. She was also a director and vice president of the Francis Willard hospital. Three daughters and a son survive.

## Charles Goodwin Rites in Graceland Cemetery

Funeral services for Mr. Charles E. Goodwin, brother of Clarence N. Goodwin, who died suddenly Saturday, will be held at 10 a. m. tomorrow at the chapel in Graceland cemetery, where he will be buried. Mr. Goodwin was 58 years old, and for several years had been retired from Thomas A. Edison, Inc. Mr. and Mrs. Goodwin were notified of his brother's death while on vacation in Des Moines, Ia., and arrived last night in Chicago.

## Norman O'Connor, Paulist Father and Orator, Is Dead

The Rev. Father Norman James O'Connor, one of the Paulist fathers, noted as an orator and for his missionary work, died late Saturday at the Mercy hospital, where he had been operated on for appendicitis. He was 36 years old and was ordained in 1918.

## A Smart Hair Cut and Hairdress with the Genuine eugene PERMANENT WAVE

**\$7**

**For a Very  
Limited Time**

A most wonderful opportunity that can only be offered for a very short time. CHICAGO DAILY TRIBUNE  
MONDAY, AUGUST 22, 1932  
VOLUME 55, NO. 344  
EX-CHIEF  
COUNTY  
BIDS UNI  
AS EXOR  
New Offer  
Those Re  
BY OSCAR  
The state of Illinois  
completes highways in  
considerably less cost  
than the county commis-  
sioner is doing the work  
the public more  
the state administra-  
tion. That is the delib-  
eration of George A. Quinn, com-  
missioner of highways for  
an official with a re-  
putation for careful  
work. He made it to the com-  
missioner officially and in  
each number of the  
Costs Are C  
During the current  
year there has been  
a great deal of paving  
in the state. The  
award contracts for  
yards of paving in  
aggregates cost of \$1,000,  
which is the same as  
those placed by Mr. Quinn.  
Therefore, it ap-  
pears that the cost per  
square mile of road  
is about \$1,000 per  
square mile of paving  
costing 7,431 cubic  
yards, or \$1,000 per  
square mile, while the same  
in Cook county is con-  
siderably higher. In Illinois only \$21,552 per  
square mile of roads are costing us  
\$1,000 per square mile.  
Illinois is called upon  
to do the work performed  
nature and character.  
New Bids, Ill.  
The county board re-  
quested at still a high  
price paid to date the  
contract awarded on  
that is indicated  
intention—these  
\$1,000 per square mile  
using a new reckoning because  
the cost of the bids were  
not available.  
At the rate both  
highway contracts this year  
had with its \$15,000  
in the high road  
contract, same along with  
a number of the  
county highway and  
roads, although he  
is the state. On three  
he board advertised  
submitted offers. Each  
was about the same  
offered by highway  
and road. The charge  
will be one union labor  
per square mile.  
To clear up the situa-  
tion of engineers on a  
Association of Highway  
Contractors has two  
men appointed follow-  
ing on July 28. They  
are recommended by  
about 15 per  
cent of the bidders  
who were received  
for the paving of pavements  
Lower Offer on  
The bids of July 28  
most bids were three  
they were too high. The  
bid was \$12,488,207,  
which amounted to \$1,000  
per square mile within the county  
and while on July 28  
the amount of the com-  
missioner should be awarded  
the bids were previous  
lower offer.
